The Institute has a Tuition Reimbursement Plan to encourage employees to participate in educational courses at recognized education institutions. To be eligible, the course(s) must be related to the employee's present position, or to a position which the employee could be reasonably promoted.

Effective May 1, 1994, the cap for employees' tuition reimbursement will be \$3,000 per year. Employees are exempt from the cap if they are enrolled in degreed programs and have applied for tuition reimbursement from the Institute prior to May 1, 1994.

Tip for PruCare Plus Participants

Before you pay an insurance deductible (\$200 for individual coverage and \$500 for family coverage) for 1994 consider trying the In-Network doctors for health services. There is no deductible, a \$10 co-pay for doctors visits, and **NO** claim forms when you use the In-Network doctors.

If you don't have an In-Network doctor, contact Kimberley Hines on ext. 3350 for New York and New Jersey staff or Ela Work at ext. 260 for Washington staff. They will provide you with a directory of PruCare Plus doctors. You may be surprised to see your doctors name listed.

If you want to information about the doctor's educational background, call the Customer Service number at (800) 422-7399 in NY, NJ & CT or (800) 648-4483 in DC and ask the Customer Service Representative for assistance. The Customer Service telephone numbers are also listed on the back of your PruCare Plus ID card
