Reminders...

...Business Casual Days begin this Friday, June 2 and every Friday through September 1st. Please remember that business casual attire allows women to wear casual slacks and blouses and men to wear casual slacks and short sleeve shirts without ties. Unauthorized business casual attire includes jeans, beach wear, exercise clothes, t-shirts, tank tops, halter tops and shorts.

We request employees to exercise good judgement in their selection of casual attire to the office. Obviously, employees who wish can continue to dress in normal business attire. Also, if there is a business need, appropriate dress should be worn on those Fridays. If you have any questions as to what constitutes appropriate attire, consult with your supervisor or department head.

...Monthly work reports should be submitted to Kimberly Hansen in Budgeting & Financial Analysis by the first every month.

**Pollen
Hotline**

Do you love the weather this time of year, but hate what it does to your sinuses?

Do you wake up in the morning and say "What a beautiful day" and then wonder if the morning dew is going to make you feel like an armored truck just parked in your head?

Well wonder no more! Now you can wake up each morning and know whether or not you should leave the antihistamine at home.

You can now call the Multidata Pollen Forecast Hotline. This Hotline provides weekly up-to-date forecasts of pollen levels for 50 locations throughout the United States. To make sure you're ready for those days when you feel like sending your sinuses to Arizona, call 1-800-Pollens.

**Spring Council
Video**

The Spring Council Video can be seen throughout the day on Wednesday and Thursday, May 31 and June 1, in the NJ cafeteria and in the NY and DC lounge areas.
